LinkedIn: Ethen Pius

Nairobi, Kenya

SKILLS

Cyber security

- SIEM Tools (Wazuh)
- Security Monitoring
- Digital Forensics
- Incident Response
- Threat Detection
- Runtime Security (Falco)
- Data Visualization (Grafana)

Technical

- Network Administration
- Basic Python and Js programming and scripting
- Virtualization & VMs
- DNS & DHCP Configuration
- System Administration
- Report Writing
- Data Analysis

Leadership

- Team Collaboration
- Training & Mentorship
- Technical Communication

LANGUAGES

English: Fluent

Kiswahili: Fluent

PROFESSIONAL SUMMARY

Dedicated Cybersecurity professional with hands-on experience in SIEM analysis, digital forensics, and security monitoring. Proven expertise in threat detection, incident response, and security tool integration. Strong background in networking, virtualization, and IT support with demonstrated leadership abilities and commitment to continuous learning in emerging cybersecurity technologies.

PROFESSIONAL EXPERIENCE

Cybersecurity Analyst

WEZESHANET TECHNOLOGIES | Kakamega/Nairobi, Kenya | May 2025 - Present

- Develop and maintain security alerting pipelines, combining Wazuh and Falco outputs into actionable threat intelligence
- Integrate Grafana with security tools for advanced visualization of logs, alerts, and metrics
- Perform comprehensive SIEM analysis, investigating and correlating security events to identify incidents
- Reduce false positives and implement proactive threat response strategies

Lead Trainer - Electronic Evidence & Digital Forensics

EMPOWER AFRICA CONCEPT INTERNATIONAL LIMITED | Kenya | June 2025

- Designed and delivered comprehensive training programs on electronic evidence handling
- Conducted workshops on digital forensics methodologies and best practices
- Mentored participants in cybersecurity fundamentals and digital investigation techniques
